ASAHI METALFINE, Inc.

ASAHI METALFINE Becomes Official Sponsor of the Yokohama DeNA BayStars

- Premium Seating Area at Yokohama Stadium Renamed “ASAHI METALFINE Bay Diamond Seat” -

ASAHI METALFINE, Inc. (“ASAHI METALFINE”) is pleased to announce that it has entered into an official sponsorship agreement with Yokohama DeNA BayStars Baseball Club, Inc. (the “Yokohama DeNA BayStars”) and acquired naming rights to the Bay Diamond Seat, the premium seating area located directly behind home plate at Yokohama Stadium, the club's home ballpark. The seating area will now be known as the “ASAHI METALFINE Bay Diamond Seat.”

ASAHI METALFINE's core business encompasses the recycling, refining, manufacturing, and sale of precious metals. For many years, we have conducted our business with a strong commitment to quality, trust, and sustainability. Amid significant changes in society and market conditions, we remain dedicated to responsible manufacturing and resource circulation, working to reduce environmental impacts, enhance supply chain transparency, and contribute to the industries and communities it serves.

The Yokohama DeNA BayStars is a professional baseball club that continuously embraces new challenges, placing importance not only on winning games, but also on fostering team growth, co-creating value with fans, and strengthening ties with local communities. ASAHI METALFINE strongly identifies with the team's spirit of embracing change, taking on new challenges, and creating meaningful connections with the region. This sponsorship agreement reflects our belief that businesses and sports organizations alike play an important role in building long-term relationships with communities and supporting the transition to a more sustainable society.

The Bay Diamond Seat, for which ASAHI METALFINE has acquired naming rights, offers a unique and premium viewing experience, placing spectators close to the field and allowing them to enjoy the excitement of the game from one of the best vantage points in the stadium. The name "Diamond" embodies not only the enduring value of the precious metals industry in which ASAHI METALFINE has long been engaged, but also our hope that individuals will continue to refine themselves through dedication and challenge, ultimately achieving their fullest potential and shining brightly. Through this sponsorship, ASAHI METALFINE aims to share the inspiring power of sports and the value of perseverance and continuous growth with a broader audience.

ASAHI METALFINE will continue to strengthen the connection between its business activities and society, pursuing both environmental and social responsibility alongside economic value creation. Through these efforts, we remain committed to contributing to a more sustainable future.

About Yokohama DeNA BayStars

The Yokohama DeNA BayStars is a professional baseball team affiliated with Nippon Professional Baseball (NPB). The team is based in Kanagawa Prefecture, and the team's home ground is Yokohama Stadium. The team has won the Japan Series three times in 1960, 1998, and 2024. The team's name was changed to the "Yokohama DeNA BayStars" in 2012.

About ASAHI METALFINE

ASAHI METALFINE is a comprehensive precious metals company engaged in the integrated recycling, refining, manufacturing, and sales of precious metals. It is a wholly owned subsidiary of ARE Holdings, Inc. (listed on the Prime Market of the Tokyo Stock Exchange; securities code: 5857). A large proportion of the precious metals handled by ASAHI METALFINE are produced from recycled materials and are highly regarded in Japan and overseas as sustainable precious metals ("Green Metals") that contribute to reducing environmental impact.
